KARATE GI

presents the new

EVOLUTION-LINE

We are proud to introduce the new **REVOLUTION** line of **Kaiten Karategi**. Based on our proven Karate uniforms we have developed two modern and revolutionary new cuts that combine current requirements for look and feel with traditional values. In order to further increase comfort to the wearer, we have also revised the fabrics used and in addition, improved the manufacturing process. Going forward we intend to customize our uniforms' appearance and freedom of movement even further to match the individual expectations and body measurements of our customers as much as possible.

The new **REGULAR-CUT** is a uniform intended for the Karateka with a normal to heavier physique. The Kaiten **REVOLUTION PLUS** – a uniform with an extra wide cut for the heavier set Karateka will be available starting in the fall of this year. It combines the high degree of freedom of movement Kaiten is known for with the perfect fit which in its look perfectly showcases the dynamic nature of Karate techniques. The pants are tied in the traditional fashion with the channel drawstring developed by Kaiten.

REGULAR-CUT

To increase comfort around the neck the collar is curved

Wider cut sleeves, slightly shorter

Sleeves are set in a curved fashion to provide a better fit and improved look and feel

All Regular Cut uniforms feature the traditional drawstring closing with the Kaiten channel

Higher set crotch with less fabric provides more freedom of movement

Straight cut pant legs without "bow-legged look". Wider cut and slightly shorter
