KARATE GI

presents the new

## REVOLUTION-LINE

We are proud to introduce the new **REVOLUTION** line of **Kaiten Karategi**. Based on our proven Karate uniforms we have developed two modern and revolutionary new cuts that combine current requirements for look and feel with traditional values. In order to further increase comfort to the wearer, we have also revised the fabrics used and in addition, improved the manufacturing process. Going forward we intend to customize our uniforms' appearance and freedom of movement even further to match the individual expectations and body measurements of our customers as much as possible.

For Karateka with a slim physique who prefer a more form-fitting cut, our **Spirit** and **Sovereign** model uniforms are now available in the new **SLIM-CUT**. Thanks to our unique design, these uniforms provide full freedom of movement and perfect body awareness when executing Karate techniques.
